FRENCH
FIRE-PROOF
LAMP CHIMNEYS.

These chimneys, which are now for the first time offered to the public, possess all the essentials of a heat-resisting Chimney. They are well made, of a superior quality of glass, each one finished smoothly at the bottom, and being carefully annealed or tempered, will not break from the most intense heat of a lamp flame.
A trial of their merits will convince the consumer that, although costing a trifle more than the ordinary class of Chimneys in use, they will prove a source of much economy in the use of Kerosene, a saving of untold trouble and annoyance, and a preventative of many accidents hitherto resulting from the breakage of Chimneys upon burning Lamps.

MANHOOD
IN THE
YOUNG AND RISING GENERATION.

The vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye and emaciated form, and the impossibility of application to mental effort, show their baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body, too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inwardly upon themselves.
If the patient be a female the approach of the menses is looked for with anxiety, as the first symptom in which nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain. The parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

HELMBOLD'S
EXTRACT BUCHU
For Weakness Arising from Excesses or Early Indiscretion,

attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such patients than Solitude, and nothing they more dread, for fear of themselves; no repose of manner, no earnestness, no speculation, but a hurried transition from one question to another.
THESE SYMPTOMS, IF ALLOWED TO GO ON—WHICH THIS MEDICINE INVARIABLY REMOVES—SOON FOLLOW LOSS OF POWER, FATUITY AND EPILEPTIC FITS, IN ONE OF WHICH THE PATIENT MAY EXPIRE.
During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this same result occurred to two patients. Reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.
Who can say that these excesses are not frequently followed by those direful diseases, Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute; neither mirth nor grief ever visits it. Should a sound of the voice occur it is rarely articulate.
"With woful measures wan despair
Low sullen sounds their grief beguiled."
While we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry for the removal of the consequences.

Helmbold's
FLUID EXTRACT BUCHU.

There is no tonic like it. It is an anchor of hope to the physician and patient. This is the testimony of all who have used or prescribed it.
Beware of counterfeits and those cheap decoctions called Buchu, most of which are prepared by self-styled doctors, from deleterious ingredients, and offered for sale at "less price" and "larger bottles" etc. They are unreliable and frequently injurious. *Ask for Helmbold's. Take no other.*
Delivered to any address. Describe symptoms in all communications.

HELMBOLD'S
Fluid Extract Sarsaparilla,

WILL RADICALLY EXTERMINATE FROM THE SYSTEM SCROFULA, SYPHILIS, FEVER SORES, ULCERS, SORE EYES, SORE LEGS, SORE MOUTH, SORE HEAD, BRONCHITIS, SKIN DISEASES, SALT RHEUM, CANKERS, RUNNINGS FROM THE EAR, WHITE SWELLINGS, TUMORS, CANCEROUS AFFECTIONS, NODES, RICKETS, GLANDULAR SWELLINGS, NIGHT SWEATS, RASH, TETTER, HUMORS OF ALL KINDS, CHRONIC RHEUMATISM, DYSPEPSIA, AND ALL DISEASES THAT HAVE BEEN ESTABLISHED IN THE SYSTEM FOR YEARS.

HELMBOLD'S
CATAWBA GRAPE PILLS

The Most Reliable Purgative and Cathartic Known—Superseding Salts, Magnesia, etc.,
In Sick or Nervous Headache, Jaundice, Indigestion, Constipation, Dyspepsia, Billiousness, Liver Complaint, General Debility, etc. No nausea, no griping pains, but mild, pleasant, and safe in operation.
They are purely vegetable, being composed of
CATAWBA GRAPE JUICE
AND
FLUID EXTRACT RHUBARB.
Beware of those cheap patent pills, carelessly prepared by inexperienced persons—vended in wooden boxes—most of which contain either calomel, mercury, or other deleterious drugs.

Important Notice
TO
Ship Owners.

AMERICAN LLOYDS OFFICE,
Burlin Slip, New York,
Jan. 31, 1871.
The Register for 1871 is now ready. The January Supplements will contain the introduction to the history of the "Register." In order to supply the demand for the Exposition, an extra edition will be printed and furnished gratuitously to all parties in possession of a book called the "Record," or a book called the "American Lloyds Universal."
HARTSHORN & KING.

The American Lloyds Register, being the acknowledged standard of American surveys of shipping, approved by underwriters generally, and adopted by the Peruvian Government as a standard for the selection of ships to carry Guano, also by the California Board of Underwriters and the West India Lloyds at Havana, &c., &c., it is important to owners to have their vessels surveyed and classed in its "Register." Having competent surveyors throughout the State of Maine, I am prepared to order or make surveys personally, of those apply, and to grant certificates under the "Standard Rules" issued by the Board. Also parties can be supplied with copies of the American Lloyds Register, for 1871, by sending their orders to me at the National Insurance Company, Bangor.

District Court of the United States, District of Maine.
IN BANKRUPTCY.
In the matter of ROBERT W. GILMORE, Bankrupt.
This is to give notice that a Petition has been presented to the Court, this 13th day of Sept., 1871, by Robert W. Gilmore, of Dexter, a Bankrupt, praying that he may be decreed to have a full discharge from all his debts provable under the Bankrupt Act, and upon reading said Petition, It is ORDERED by the Court, that a hearing be had upon the same, on the first Monday of December, A. D. 1871, before the Court in Portland, in said District, at 10 o'clock, A. M., and that the third meeting of the creditors of said Bankrupt, be held before Chas. Hamlin, Esq., Register, on the 1st day of Nov., 1871, and that notice thereof be published in the Bangor Daily Whig & Courier and [illegible], newspapers printed in said District, once a week for three weeks, and once in the [illegible] Courier, and that all creditors who have proved their debts and other persons in interest, may appear at said time and place, and show cause, if any they have, why the prayer of said Petition should not be granted.

THE LOSSES AT CHICAGO

The losses of property in Chicago, severe as they are upon the inhabitants, says the Boston Journal are much more widely diffused [illegible] than would be the case of a similar disaster in most of our Eastern cities. Chicago was the factor change and mart of [illegible] country in certain lines of business to a remarkable extent. It was also the representative of all sections, both in capital and population. Hence we shall find that the [illegible] of the general [illegible] which will be ultimately felt elsewhere, though their visitation may be hard to trace. The blocks the depots the elevators, the banks &c that are burned down can be easily recounted—the ruins and the vacant spaces speak for themselves—but the sufferers involved in this devastation are scattered over the whole country and may include [illegible] who never dreamed that they had any thing to do with Chicago.

The insurance companies, of course stand [illegible] list of outside losers. It is reported that a single company in Hartford had [illegible] to the amount of eleven mill[illegible] [illegible] heavy pecuniary sufferers. An immense amount of capital owned elsewhere was invested [illegible]

[illegible]

The Spectator gives the following [illegible] Insurance [illegible] Chicago property [illegible] over the fire:

New York Companies.—American $[illegible], Etna $[illegible], Germania, $22,000, Hanover $22,000, Home $2,000,000, Kings County $30,000, Niagara, $225,000, National, [illegible]000, New Amsterdam $40,000, Relief, [illegible]0,000, P[illegible] $2[illegible], Williamsburg [illegible]

St Louis Companies — American Central [illegible], Anchor [illegible], Mutual [illegible]

Philadelphia Companies — Enterprise $[illegible], Franklin $[illegible], [illegible]

Among the others are the Andes of Cincinnati $55,000, Atlantic of Brooklyn, $200, Allemania of Cleveland, $20,000, German of Buffalo $5,000, Liverpool, London, and Globe of England, $2,000,000, Narragansett of Providence $[illegible], North British Mercantile Eng, $[illegible]000

The Directors of the [illegible] Company of New York have directed their officers to pay all losses as fast as adjusted and continue the business. The Franklin Insurance Company [illegible] to pay in full. The report that the [illegible] National Bank [illegible] Continental Company is [illegible] net earned surplus [illegible] to avoid disturbing its permanent investment the Directors unanimously resolved to double its cash capital making it $1,000,000 and subscriptions exceeding the whole amount of the increase [illegible]

A private dispatch states that the loss of [illegible] Chicago and A[illegible] $[illegible]000. The Chicago Tribune estimates the number of people to be provided for during the coming winter at [illegible]. The wholesale dealers of provisions, flour and lumber refuse to take advantage of the situation but will continue to sell their goods at old prices [illegible] the same [illegible] the coal dealers who have any stock left. Temporary buildings are being erected in every direction and by Saturday night there will be [illegible] ready for occupation. There is a marked change [illegible] of the people the first feeling of [illegible] prostration having given way to hope and confidence. The burnt district is no longer an object of [illegible] interest save as [illegible] for rebuilding. Every business man who can find a shed in which [illegible] country debt [illegible] remitting [illegible] and the [illegible] of insurance [illegible] becomes more and more [illegible]

OUR EXCHANGES — Our exchanges will [illegible] a favor upon those holding invitations from the E & N A Railway Co for the 18th [illegible] by suggesting to them the importance of bringing with them their letters of invitation which will secure admission to the excursion train for Vanceboro. The company have provided rolling stock for a very large excursion but the crowd in the city will probably be so great that some precautions will be required to secure the accommodation of their guests upon the trains and the presentation of the letters referred to will save the officers from embarrassment and [illegible] the prompt admission and seating of [illegible]

CORRECTION. In the communication G" yesterday's issue the loss by the great fire in London was stated by the writer at £10,000,000 or £12,000,000, instead of dollars as made by a typographical blunder. The loss was equivalent to $50,000,000 or $60,000,000, and it will be borne in mind that the value of property at that time was much greater than now.

THE ELECTIONS. A Columbus dispatch states that the Ohio Senate stands a tie, and the House has 59 Republicans, 45 Democrats, and 1 Independent. The latest returns from Hamilton county increase the Democratic representation in the Senate and House one each. [illegible] majority for Governor is about 2,000.

In accordance with the suggestion of President Grant, the banquet proposed by the city of Boston, on laying the corner-stone of the Post Office, will be dispensed with. The programme in other respects will be carried out.

Disastrous fires continue in the woods of Western Ontario, Canada.

RELIEF FOR CHICAGO.

The following additional contributions for the relief of the Chicago sufferers are reported by telegraph

The New York fire department are raising a subscription headed by the Commissioners with $100 each. The metal trade in New York have contributed $20,000, the leather trade $14,500 the Bank of Commerce $5,000, officers and clerks of both courts $2,000, Merchants Exchange, $9,120, wholesale grocers and jobbers $40,800 William E Dodge, now in England, $10,000, Bright & Co, of Rochdale, England, $500 C P Huntington, $5,000 the students of Columbia College, N Y $2,000 and other minor contributions aggregating several thousands. Schenectady, N Y, gives $5,000 Trenton N J $20,000 Newark, N J probably $25,000, Middletown N Y, $2,000 Montreal is raising $50,000, and Halifax, N S a large sum

A firm of bread manufacturers of Albany N Y has given 2,500 loaves of bread. Cohoes N Y gives $5,000 Jamestown gives $1,000, Paterson, N J, gives $4,000, William College, Mass, $250 Orange, N J, $25,000, Scranton Pa $10,000, and Richmond, Va., $10,000 One branch of the Philadelphia City Council passed a resolution appropriating $100,000 in aid of Chicago and in the other branch it was laid over on a third reading by a tie vote. The Erie Railway relief train from New York, arrived at Chicago Thursday evening

Hartford Conn, has raised $24,243, and Worcester Mass, $15,000, to be increased to $50,000. The subscriptions in Boston for Chicago up to Thursday evening, amounted to $250,000 William Gray, Alexander H Rice and Eben D Jordan started Friday morning for Chicago, as a committee to consult with the authorities of that city, and aid in distributing supplies. Brooklyn has given $15,000 additional. The telegraph operators of St. Louis have sent supplies of clothing to their brethren in Chicago. General Superintendent Stager, of the Western Union Telegraph Company, procured a car load of provisions from Cleveland for their use

In response to a call from General Schenck the American minister, for a meeting to express sympathy and provide relief for the people of Chicago, over four hundred American and English gentlemen assembled at his Hotel London, on Thursday night. The parlors were crowded to excess, and many were unable to obtain admittance. The meeting was organized with Minister Schenck as chairman. Brief stirring appeals were made by several speakers, and maps of the unfortunate city with the burnt quarter designated had been hung on the walls. But there enthusiasm needed no stimulus, as everybody was eager to contribute, and within a short time ten thousand pounds sterling was subscribed. Among the subscribers were several Confederates, who requested their names not to appear. A few merchants of Chicago whose establishments have been destroyed, also offered contributions. Resolutions expressing the deepest sympathy for the sufferers and pledging further aid, were adopted — A committee was appointed, with J S Morgan and Mr Schenck at its head, to procure additional subscriptions, and there is every reason to expect that a very large sum will be raised. Expressions of sympathy are received from all parts of Great Britain

The city of Dublin, Ireland, has forwarded 5,000 sterling to the city of Chicago

At a meeting of the citizens of Quebec, a committee was appointed to collect subscriptions, and a collection is to be taken in all the churches. A cable dispatch was received from the English government, to offer to Chicago all the military tents and blankets in the Dominion. Of the latter there are over half a million

Mayor Mason has issued the following appeal

"Clothing and all protection from the cold will be needed through the winter as well as now. Send such articles forward in large quantities as soon as possible. Collect money and hold it subject to our order. Send no provisions that will keep—cooked meats may spoil before we can distribute them. Aid arrives liberally now. We want to husband our resources as much as possible, for a long winter is before us, and the suffering will continue until our laboring classes are enabled to sustain their families

(Signed,) R. B. MASON, Mayor

THE TERRIBLE CONFLAGRATIONS IN MICHIGAN AND WISCONSIN. The fire in Manistee, Michigan, broke out at 10 o'clock, Sunday night and raged until 5 o'clock Monday morning, destroying 200 buildings, six large mills and a vessel at the dock. Half of the town was burned and the loss is estimated at $1,300,000. Manistee is on the East coast of Lake Michigan, has 4000 inhabitants and is one of the greatest lumber producing towns in the State. There is no telegraph station within thirty miles

A boat containing two men, a woman and nine children, and the body of a child who died from exhaustion, arrived at Kincardine, Canada, on Wednesday, from Sand Beach, Michigan, having left there Monday to escape the fires

A dispatch has been received from Green Bay Wisconsin, stating that a steamer had arrived there, bringing a report that three hundred bodies had been buried at Peshtigo, Wednesday night, and as many more are still missing. Seventy five persons were burned to death at Little Sturgeon Bay. The suffering throughout the north is terrible. With the exception of the loss of property, the fire is almost as appalling as the burning of Chicago

Further accounts from Green Bay, state that 150 men were burned to death in a large barn where they had taken refuge. Hundreds of people were driven by the flames into the river, where most of them perished

A later dispatch says that a fire broke out in the Belgian settlement of Brussels in Door County, Wisconsin, destroying 180 houses, all that the place contained, excepting five. Nine persons are missing, supposed to have perished. The inhabitants lost everything. Active measures for their relief are being taken from Duluth and other places, but they must suffer severely

ITEMS FROM CHICAGO. General Sheridan has issued an order stating that no case of outbreak or disorder is reported, and no authenticated report of an attempt at incendiarism has reached him. He says that the people are calm and well disposed and the force at his command is ample to maintain order, but suggests continued watchfulness by the citizens until the smouldering fires are extinguished

The entire contents of the Opera House picture gallery was saved, together with many pictures in Crosby's private gallery.

General Sheridan makes a request through the Associated Press to the people of the country, to dissuade from coming those who are anxious to visit Chicago from mere curiosity. Thousands of this class are now here without shelter or food

The body of the man who crawled into the water main has been recognized as A Jackson of 31 Milwaukee Avenue. Twenty bodies were taken from the basements of wo[od] buildings on the northerly side, near Chicago Avenue bridge. The Relief Committee, is thoroughly organized with O E Moore as President and David A Gage, Treasurer. The committee met with the council and decided that all monies should be received by David A Gage. Probably 40,000 people were fed on Wednesday and provisions are still coming from all directions. An adjourned meeting of bankers was held on Thursday, when resolutions were adopted to open for business as soon as possible, and pay immediate instalments not exceeding 15 per cent and additional instalments as rapidly as the assets are made available, until the entire liabilities are liquidated. The deposits for the present will be paid out as trustees for customers. Dr Trenar, a well known physician, was not suffocated as was supposed

A MURDERER'S WILL. David Keatly alias James Wilson, who was hung in Hartford on Friday for the murder of Warden Willard of the Connecticut State Prison, made his last will and testament on Thursday, by which he bequeaths his body to the Medical College in New Haven on the following conditions —

That the College shall donate a sufficient sum of money to bring before the Legislature three bills, the provisions of which are First, that no officer in the Connecticut State Prison shall be permitted to strike a convict unless in self-defence, under penalty of four months' imprisonment in jail, second, that the shower bath and the cat-o'-nine-tails shall be abolished and only military cell punishment shall be retained, and these cells shall have a wood covering over the stone floor; third, that the Directors of the Prison shall make states, [illegible] them separately without any officer of the Prison being present, and the Directors shall submit to the General Assembly a detailed statement, giving the items of the prison accounts. In case the College shall refuse to confirm these provisions, then his body is to be buried by his executor

NEW YORK CITY AFFAIRS. It appears that the action, for mandamus against the Comptroller of New York city, is an amicable one by an arrangement with Mr Green to obtain a judicial decision whether anything in the 2 per cent tax levy act conflicts with the power of the Comptroller to raise funds called for.

The President of the Broadway Bank states that no forged warrants have ever been paid by the bank and that the forgeries must have been on the documents preceding the drawing of the warrants

Hundreds of Election Inspectors have been sworn in at the Bureau of Elections, which is under the management of Tammany.

THE FENIAN RAID. Further advices have been received confirmatory of the account of the Fenian attack on Pembina on the 5th inst. They met no resistance, the place not being garrisoned. It appears that O'Donohue has been planning an attack on Fort Garry all summer, relying on receiving support from the French half-breeds. The raid was intended to inspire them with confidence. He has been intriguing with the workmen on the line of the Pacific railroad, counting on their help when the work of the road was stopped. It is said he was accompanied by O'Neill, and had only about fifty men.

OUTLAWS IN MISSOURI. The proclamation of the Governor of Missouri calling out the militia in Dunklin and Stodard counties, is on account of the reports of Captain Wong, who has been investigating affairs there. It appears that what was originally intended as a political organization has merged into formidable bands of outlaws, numbering six companies of 50 men each, under a captain. They are called Ku Klux and dead men, and rob and murder all who favor the enforcement of the laws, regardless of politics, being composed of fugitives from Illinois, Arkansas and Kentucky

MURDER IN OHIO. A horse and buggy which were hired on Thursday morning by a travelling salesman named Jacob Eckers, having returned to the stable in Wapakonta, Ohio, without Eckers, and smeared with blood, the Sheriff and citizens searched the vicinity, and found Eckers at the foot of a ravine shockingly mangled, but still alive, tho' dying. The citizens are scouring the woods for the murderers.

Second Assistant Postmaster General Smith has resigned on account of ill health. Col John L Roult U S. Marshal of Southern Alabama, has been appointed his successor.

THE BEST SPOOL COTTON

For Hand and Machine Sewing,

and has been thoroughly introduced in certain localities, and is being introduced everywhere. It possesses four great requisites for a perfect Thread, viz SMOOTHNESS, ELASTICITY, UNIFORMITY OF TWIST, GREAT STRENGTH

These results are secured by a liberal use of SEA ISLAND COTTON, and the expensive process of Combing, whereby the short fibres of Cotton are removed, and by important improvements in machinery, some of which are patented and used exclusively by the Willis on Mills who were also the first to introduce cotton combers in this country. With this Thread the operator on the sewing machine can accomplish more and better work than with the ordinary article

In many instances it is being substituted for Silk and Linen with entire satisfaction to the consumer. We have a little machine to test the strength of Thread, and all who will call can see that the Williston Thread has greater strength than any other in use.

Rare Chance.

A Valuable House for Sale,

The owner having removed from the city wishes to sell this house, situated on West Broadway. It is a large new two story house with a French roof, and is furnished throughout in the best manner and with all the modern improvements. It is situated on one of the pleasantest street in the city and all of the surroundings are as good as could be found anywhere. The lot contains about seven eighths of an acre (102 feet on the street, and about 350 feet back) and is all under a high state of cultivation. The soil is very nice and light. There are nearly all kinds of fruit trees and shrubbery on the lot, and a nice flower garden beside the house. It is seldom that such a chance is offered to persons wishing to buy a nice house

It must be sold immediately. For particulars inquire at No 4, Bond Street, Bangor.

THE NEW RANGE excels anything of the kind ever offered for sale. It requires much less space than ordinary cooking stoves, and is more economical. It will heat as much water as a range set in masonry

The HOT CLOSET retains the heat usually radiated from the bottom, which is, during the summer months WORSE THAN WASTED, thereby not only SAVING FUEL, but making the KITCHEN MORE COMFORTABLE, besides furnishing an admirable place for warming and keeping food warm, warming plates, &c. The door can be removed during cold weather to allow the heat to escape into the kitchen

MAINE NEWS.

POWDER MILL EXPLOSION.

PORTLAND, Oct. 13.

Two mills of the Oriental Powder Co. at Gambo Falls, Gorham, blew up at 3 o'clock this afternoon. One man was killed and another seriously wounded.

THE STORM.

PORTLAND, Oct. 13.

A saw mill owned by Merritt Brothers, in North Pownal, was entirely swept away by the freshet Thursday. Many bridges in the vicinity were also destroyed. It is the severest freshet that has occurred for many years.

DOMESTIC NEWS.

FROM NEW YORK.

THE STUYVESANT BANK.

New York, Oct. 13. The suspension of the Stuyvesant Bank yesterday is said to be only temporary. It is a State bank with a small capital, $200,000. No other banks are involved. The attempt to create a semi-panic at the Stock Board last evening, on account of this suspension, was a failure. O. P. Archer, ex-President, has been appointed Receiver. Its assets are estimated at $400,000; liabilities, $400,000.

THE YACHT RACES.

Mr. Ashbury consents to race the seven races proposed by the New York Yacht Club, in case 6 are decided against him the seventh be raced over the course at sea beyond the light-ship.

BOSS TWEED GUARDING THE PURITY OF THE BALLOT.

At a meeting of the Tammany General Committee last night, Mr. Tweed stated that he had advices from all parts of the State assuring him of heavier Democratic majorities than ever and urged careful guarding of the elective franchise.

Eighteen more sinecures were discharged by Comptroller Green, yesterday. Their aggregate pay was $20,000 annually.

A COLLISION CASE.

The collision case against the steamer Bristol resulted in awarding $34,000 damages in favor of the steamer Punter. An appeal was taken and the Commissioner declined taking Fisk and Gould as sureties, on legal grounds.

GARVEY OFF WITH HIS PLUNDER.

The brother of plasterer Garvey says that the latter is in Canada. A check of Garvey for a small sum has been refused at the Broadway Bank, he having drawn all his funds. It is stated that the pay-rolls of the Inspector of Sewers are missing.

AN ELECTION VIGILANCE COMMITTEE.

It is generally credited throughout the city that a Vigilance Committee will be found qualifying through all the wards for defeating the action of repeaters at the polls in the coming election.

TWEED AND SWEENEY.

The Times states that Tweed recently lost four millions by an unlucky Western speculation. It is also stated that Sweeney advises Tweed to resign.

THE MANDAMUS CASE.

Judge Ingraham decided that as far as assessment bonds were concerned, the 2 per cent. tax does not apply to the case of the Department of Parks, and granted a mandamus compelling the Comptroller to furnish funds at their demand. The question of funded stock he would decide in a few days.

THE QUEEN'S CUP RACE.

Mr. Ashbury to-day signified his willingness to sail the first race of the series for the Queen's Cup, Monday next. The first race will be over the course of the New York Club. Preparations for the race are being hurriedly made. The yacht to contest the first race with the Livonia has not yet been decided upon.

DEMANDING THEIR PAY.

The delegation of inspectors of streets and pavements to-day, were informed by Comptroller Green that there was no money to pay them and if there was the injunction precluded their receiving any pay. They threaten a mass meeting.

RETRENCHMENT—ELECTION INSPECTORS.

Book-keeper Bostwick, with a salary of $5,000 in the Controller's office, was removed to-day. As most of the old Inspectors of Elections are holding over, the Mayor will appoint only 273 out of 1070 this year.

The Board of Apportionment to-day appropriated from the Excise fund, $9,272 for the Foundling Hospital, ordered $200,000 raised by bonds for the needs of the Fire Department, and authorized the Comptroller to issue $150,000 in telegraph bonds to pay for the fire alarm telegraph.

At the Chamber of Commerce meeting to-day, it was announced that one lady purchased the entire contents of a ladies' clothing store to send to Chicago.

Thirty-four hundred dollars additional was raised in Brooklyn to-day. The Stella Lodge of Masons, Brooklyn, has given $1000; Bank Clerks' Association, N. Y., $1500; hotel keepers, $6,827; stationers, $18,000. The subscription of the Grocers' Board of Trade reaches $45,000.

THE DEATH PENALTY.

Hartford, Ct., Oct. 12. David Kentley, alias James Wilson, was hung in the Hartford County jail at 1:30 P. M., to-day, for murder of Warden Willard of the Connecticut State Prison. He attempted suicide about three o'clock this morning by endeavoring to puncture his heart with a small wire which he had secreted upon his person. In consequence of his weakness this morning there was an effort to procure a stay of proceedings, but it failed. At the hour for execution he walked firmly up the scaffold and made a short speech, in which he said he had attempted to escape the ignominy of the scaffold. He justified his act in killing the Warden and finally put the rope over his own neck and met his fate without flinching. The execution was mainly private, in the presence only of the County Commissioner and other officials, and a committee of 25 citizens, selected as witnesses and the reporters of the press. He was pronounced dead in 14 minutes after the drop fell. A post-mortem examination discovered the wire in his body, with which he had attempted suicide.

INSURANCE COMPANY SUSPENDED.

Hartford, Ct., Oct. 13. The following circular was issued this noon:

Office of Conn. Fire Ins. Co.,
Hartford, Ct., Oct. 13, 1871.

Definite information just received from Chicago, places our losses at so high a figure that we are obliged to suspend business until the question of reorganization shall be settled.

(Signed,) John B. Eldredge, Prest.

[Capital $200,000, market value [illegible] 143 Oct. 1.—Ed.]

WESTERN NEWS DELAYED.

Chicago, 13. Returns from the Iowa election and details of the fires in Wisconsin and Michigan are delayed in part by an interruption of telegraphic communication at Chicago, but more by the ravages of conflagrations which are sweeping through the fields and forests of the North West. Efforts will be made to obtain communication by a circuitous route.

THE PHILADELPHIA MURDERS.

Philadelphia, Oct. 13. The police are searching for the murderers of Catto and Chase. Catto was an officer in the colored brigade, and was murdered while on the way to order out the brigade in accordance with orders. He was a distinguished linguist, filling a professor's chair in one of the colleges. He will be buried with military honors Monday. The evidence before the coroner's jury proves Frank Kelley as the murderer.

MASSACHUSETTS.

Boston, Oct. 13. It is announced that a guarantee fund has been raised by the directors of the New England Insurance Company, and it will continue business.

The battalion of cavalry will compose the escort of the procession at the laying of the corner-stone of the post office, the order calling out the first brigade of militia having been rescinded.

THE RUTH POISONING CASE.

St. Louis, Oct. 13. In the trial of Dr. Medlock for poisoning Isaac Ruth of Lawrence, Kansas, which commenced Tuesday, the testimony shows morphine found in the body. The trial is expected to be highly sensational.

THE CHICAGO CALAMITY

SHORT WORK WITH INCENDIARIES.

Chicago, Oct. 13—via New York. It appears that the roughs Barney Aaron and Bill Tracey were robbing a jewelry store in Chicago, when the citizens hung them to lamp posts. Jim Munday and Jim Brown were robbing a bank opposite the Sherman House when the soldiers stood them up against a wall and shot them. All belonged to a New York gang. One villain caught in the act of incendiarism was hung up by the heels and then stoned to death, and a young boy who was caught had his arm torn off by the excited crowd, who then hung him to a tree.

FEARFUL LOSS OF LIFE—50 PERSONS BURNED IN ONE HOUSE—2000 HUMAN BEINGS ROASTED ALIVE.

Fifty persons perished in one tenement house. Thousands of people are still on the Lake in boats. The whiskey shops are all closed.

Boiler explosions were frequent during the fire. Chicago people estimate the loss of life at near 2000.

NOBLE CONDUCT.

Those having any money left, cheerfully divided with the groups of starving families. Everybody praises the heroism of Mayor Mason.

PREPARING TO RENEW BUSINESS.

Chicago, Ill., Oct. 13. Active preparations are going on for restoration of all branches of business. Propositions have been made by members of the Board of Trade to settle outstanding contracts on the basis of last Saturday's market, which met with favor. No business whatever is doing.

2,000,000 BUSHELS GRAIN LOST.

Eight elevators were saved. It is estimated that the loss in grain foots up two millions bushels.

BRIGHTER PROSPECTS.

The dawn of each succeeding day brings brighter prospects, and the hope of the energetic men who made Chicago what it was is strengthened. Twenty-one columns of the Tribune this morning were filled with advertisements of business in Chicago.

BUSINESS REVIVAL.

Builders are overwhelmed with applications to put up new houses. One man made sixteen contracts last night. Little is doing in produce circles, but commission merchants and grain dealers are hard at work preparing to open on their usual scale by next week.

PAYING LOSSES—THE FATALITIES.

The agents of the Ætna Insurance Company are paying their losses, which they claim will not reach $3,000,000. Evidence is accumulating that the loss of life is greater than heretofore estimated. The County Supervisors to-day resolved to rebuild the Court House at once.

THE BANKS.

The amount of funds saved from the vaults of the banks, added to the balances in New York, leaves them an amount of cash equal to 40 or 50 per cent. This, with the insurances that will be paid, insures the collection of 75 per cent. of their loans by the banks.

THE INSURANCE COMPANIES.

The Liverpool, London and Globe Insurance Companies have ordered the payment of their losses immediately. The aggregate losses of their companies is about a million. The loss of the Commerce of Albany is about $450,000. This company has been placed in the hands of Receivers.

THE ELEVATORS.

The following elevators were burned:—Munger and Armours, Galena, Illinois Central A, Hiram Wheeler's, National, and Vincent, Nelson & Co.'s. The following elevators were unharmed:—Illinois Central B, Flint and Thompson's, two of Munn and Scott's, two of Armour, Dale, & Co., Burlington and Old Iowa, and Illinois River. The total amount of grain remaining in the elevators is five million bushels. Temporary trade rooms are established at 51 and 53 Canal street.

THE BANK VAULTS.

So far none of the bank vaults found are injured. The Union National is in perfect condition and every dollar of the millions of deposits in the Fidelity Safe Deposit Co.'s vaults is safe.

A HINT TO CONGRESS.

The Tribune says that there is one way in which the Government may be of a substantial benefit. The Government must have public offices here, Custom House, Post Office, Court Rooms, &c., also bonded warehouses. These are absolutely and immediately necessary. Let Congress provide for these, to be of most liberal dimensions and the best class. If Congress will appropriate $1,000,000 or $2,000,000, to begin this work at once and order their construction, it will do more to restore confidence and stimulate private enterprise than any impracticable attempts to loan the public money to back up the stock-holders of Insurance Companies. The fact that Congress voted five million dollars to build the necessary Government buildings, would be the best tidings to the unemployed labor of the city.

NEWSPAPERS.

There were 89 newspaper establishments destroyed in the burnt district, embracing dailies and monthlies.

RUMORED MURDER.

It is rumored that Henry J Ullman, a banker, was murdered instead of suffocated. His body was found near the banking house which he had evidently just left with money and valuables in his arms.

HANDLING THE FUNDS.

There has been some unpleasantness for a day or two in regard to the management of the contributions, relief funds, &c., but a thorough organization was effected this afternoon, consisting of the Chicago Relief and Aid Society, assisted by prominent citizens. All bills will be audited by the Executive Com of that Society, consisting of some well known citizens, the Comptroller and Mayor. The organization makes the following

SUGGESTIONS:—

As far as practicable we suggest that money be remitted, as with that we can buy the articles most in need. All funds collected elsewhere should be remitted direct to or held subject to the order of the Chicago Relief and Aid Society. Funds already deposited in other cities will be drawn upon by orders or drafts of that Society Committee, signed by B. B. Mason. All materials should be consigned to the above named Society, great care being taken to mark the contents on the packages, and send invoices promptly by mail. Send cooked or perishable food only upon a special order from our Society.

MAYOR MASON

notifies the public that all contributions have been turned over to this Society, and calls on all citizens to aid the organization in every possible way. They are given the power to impress teams and labor, and to procure quarters and as far a necessary transportation, and care for the sick and disabled. General Sheridan has promised his aid.

AN APPEAL

To the Associated Press of New England.

Special—Chicago, Ill., Oct. 13. Let me say to the people of Connecticut from a personal view, that the world never beheld such ruin and suffering as there is here. Were New York in ashes from 14th St. to the Battery, and from river to river, it would not exceed the destruction that appals one here. In the name of Christianity let our people come to the rescue of this distressed city.

(Signed,) Benjamin Douglass.

THE WEATHER.

War Department,
Office of the Chief Signal Officer,
Washington, Oct. 13—7 P. M.

Probabilities.

It is probable that on Saturday the barometer will fall very generally throughout the Atlantic States, with easterly winds and increasing cloudiness, and possibly rain on the South Atlantic and Gulf coasts. Cloudy weather with light rain will probably extend to Lake Michigan to-night, and fresh southerly winds will prevail over the lower lakes to-morrow.

FOREIGN NEWS.

GREAT BRITAIN.

LONDON AID FOR CHICAGO.

London, 13. The Common Council met in Guildhall to-day, the Lord Mayor presiding. Resolutions of sympathy were adopted, and it was unanimously agreed that 1,000 guineas be immediately forwarded to Chicago. The Lord Mayor received yesterday, in contributions from private individuals, upwards of £7,000 sterling.

OTHER GENEROUS DONATIONS.

Baring, Morgan, Rothschild, Brown, Shipley & Co., the Great Western Railroad of Canada, and Grand Trunk Railroad subscribed £1,000 each. The Liverpool Chamber of Commerce voted £500 yesterday, and the American Chamber contributed $13,000 To-day there will be a mass meeting to secure further aid.

EDINBURGH AND SOUTHAMPTON.

The Edinburgh Chamber of Commerce unanimously adopted a resolution requesting the Provost to call a mass meeting of citizens to organize relief committees. The chief merchants of Southampton have opened subscriptions and called upon the citizens generally for contributions.

GERMANY RESPONDING.

At Berlin prominent gentlemen are active in securing subscriptions. At Frankfort-on-the-Main the leading bankers and merchants are taking active interest in the relief movement, both by contributions and by personal efforts.

Prayer Meeting. The Young Men's Union Prayer Meeting will be held Sunday A. M. at the large vestry of the Free House, on Columbia Street, at 8½ o'clock. All are invited.

—Sunday afternoon services at the churches now commence at 2 o'clock.

—Good hay can be bought at Dover and Foxcroft for $20, which is quite cheap, considering the light crop this season.

—An Irishman was arrested, tried, and sentenced to pay a fine of fifty cents and costs, for larceny of a ten cent sheet of gingerbread at a store in Foxcroft.

—Yesterday the weather was superb. Cool, but not too cold, the sun shining brilliantly, the air fresh and invigorating, the day was as near perfect for the season as possible.

—The storm left our streets in a very dilapidated condition, but the Street Commissioner is doing all in his power to repair the damage.

—The Post Office clerks had a busy time last night after the mail train arrived with the delayed mails from the West. They struggled manfully though it was nearly daylight before the last bundle was distributed.

—The large eagle shot on Tuesday in Hermon by Master Hewes, has been purchased by Col. Beals who will have it mounted, and will use it among the decorations next Wednesday.

—Messrs. Savage, Berry & Co., who have been grading the extension of the B. & P Railroad, have taken a contract on the Boston & Maine extension, and commenced work thereon.

—Now is the time for farmers to bring in their produce. Probably at no time this year will the demand for provisions be so great as next week, and prices no doubt "go up" like rockets.

—The Good Will Club of this city, an association formed for mutual assistance by ten young men on the occasion of the departure of a friend for Chicago to go into business some years since, sent him a check for $100 on Tuesday.

—Those of our citizens who can furnish boquets or flowers for the decoration of the tables in Norombega Hall for the collation next Wednesday are requested to inform Capt. Hermon Bartlett at their earliest convenience.

Eastern Bank. At the annual meeting of the stockholders of the Eastern Bank, the following Directors were elected for the ensuing year:—A. M. Roberts, Edward Kent, Joseph Crase, Thomas H. Rich, N. G. Higgins. A. M. Roberts was chosen President and Edwin Clark, Cashier.

E. & N. A. Railway—Change of Time. The European & North American Railway is now open to St. John, N. B., and on Monday next through trains will commence to run regularly. A change of time is thereby necessitated, for particulars of which see regular advertisement of the company.

—Steamer Argo, which has run this summer between Belfast and Ellsworth, ran ashore Saturday night on "Horton's Rocks" but was got off without injuring her. On Monday Capt. Kissam withdrew her from the route, but talks of returning with a larger and better boat next spring, to run between Ellsworth and this city.

—To accommodate persons wishing to attend the railroad celebration next week, the steamer Katahdin has changed her time of running, and on Tuesday evening will leave for Rockland. The next morning (Wednesday) she will start at 5 o'clock for this city via intermediate landings, and will remain here that night, so that persons can obtain lodgings on board.

—They tell a story of a man living in a neighboring town who came to this city to purchase a cider-barrel. He found a grocery man who informed him that he was selling kerosene barrels daily to farmers to put cider in, so he invested a dollar and a quarter in one and hauled it home. They do say that man has some patent "non-explosive" cider for sale now.

The Trains, on all the railroads will probably be run on time to-day, as the damage by the storm and freshet was repaired yesterday. The up mail train on the E. & N. A. Railway which left here at 7.30 Thursday evening did not reach Mattawamkeag until 1 o'clock yesterday morning, but came down all right in the forenoon. [illegible] from this city on the Maine Central [illegible] 7.30 last evening, when the [illegible] left on time. There was a [illegible] and wash-outs [illegible] several construction trains busy all day, and the mail train from the West, due at 7.15 did not arrive here until midnight. The trains will leave on time as usual, to-day.

—Messrs. Beals & Sons are busy on the decorations for the coming celebration, and streamers are making their appearance in many directions. In East and West Market Squares long strings of bunting were raised yesterday. We were favored with a peep into Norombega Hall yesterday, and found it so transformed and beautified that it was utterly unrecognizable. Mr. Geo. N. Beals is doing all the decorative painting for the arches, &c.

Hospitality. Although many of our citizens are responding liberally to the calls of the Hospitality Committee, much yet remains to be done for accommodating our visitors next Wednesday and Thursday. An immense crowd of people will be here, especially on Wednesday, and they must be housed that night. Our people must arrange cot beds and other appliances to afford sleeping accommodations for the greatest number possible. If any person has spare room the committee should be informed at once, as the celebration draws very near, and arrangements must be made before it comes off.

A Big Rise. The Penobscot river had risen nine feet at six o'clock last evening, from the effects of the rain storm Wednesday night and Thursday, and was still rising at that hour. Eight feet of this rise was during the twenty-four hours ending at six—an unusually sudden start in the staid old Penobscot. Some 5,000,000 feet of logs were floated from the shores and other places in the bed of the river where they were supposed to be secure, and though big crews of men were set at work to save them, they were running down river in great numbers last night. The smaller streams and rivers rose more rapidly, and the water in them was reported as falling last evening.

Private Decorations. The Committee on Private Decorations held a meeting yesterday for consultation. The people along the route of the procession are reported as generally making preparations to decorate residences on Wednesday next, which the committee were gratified to learn, and they call upon all to contribute toward rendering the city attractive by such embellishments as their taste may devise. The committee will be glad to aid by suggestion or otherwise any who may call upon them, and will make a personal tour of the city, so far as time will admit.

A Relic of the Revolution. The crew lately organized to serve the old cannon taken from the river, has been invited by the E. & N. R. Co. to accompany the excursion to Vanceboro' next Thursday, taking the piece with them on a platform car. The gun is a venerable relic, having been cast in England in 1773, and sunk at the mouth of the Kenduskeag Aug. 13th, 1779, with one of the vessels of Commodore Saltonstall's fleet. As we have stated, it was recovered on the 24th of last month by a diver hunting for anchors. It is a six-pound carronade, and is in a very good state of preservation, the muzzle and vent having been plugged by solid pieces of ash before it was thrown overboard, so that no water could penetrate the interior. It was loaded when found, the six-pound iron ball being protected by a wad of tarred rope, but the powder was decomposed. The proprietors have mounted the piece in antique style and named it the "Independence."

Bangor & Piscataquis Railroad Extension. Our correspondent writes that track on the Guilford extension of the Bangor & Piscataquis Railroad has been laid about four miles, and over two miles of the road ballasted. The iron is going down fast as it can be taken up over the line from the vessel on which it was brought to this city. Five engines are employed on the extension. Three ballasting trains are constantly run, and the ballast is at present brought from Milo—seventeen miles away. Only about a mile of the road-bed remains to be graded.—From the Dover and Foxcroft station the road runs through pastures, mainly, nearly half the length of the extension, to Low's bridge across the Piscataquis. Considerable slate was found in building the road. In Bearce's hill it was necessary to cut through nearly 12 feet of slate ledge. Sixteen feet is the deepest cutting made, immediately above Low's bridge. Thence the road winds along the river bank on very fine intervale land. The extension has been easy to construct, and from its location the land damages must have been moderate. The depot grounds at Guilford are about a quarter of a mile east of the village, near the turn in the road. This is about the point where the route surveyed for the extension of the Maine Central from Dexter strikes, and considerable interest and speculation is rife among the inhabitants of the section, as to the action of that company.

Total	$1285

This added to the $3,700 previously collected by the Mayor, $600 by Isaac H. Merrill, $100 from the clerks in Wheelwright, Clark & Co.'s, $100 from St. Andrews Lodge, and $100 from the Good Will Club, make a total of $5,885 raised in this city. "Let the good work go on." To-day and to-morrow are the last chances to give anything to go with the amount to be sent by Mayor Dale Monday morning.

BANGOR POLICE COURT.

BEFORE JUDGE CLARK.

Friday, Oct. 13th. State vs. Anthony Loftus; assault on Policeman McLaughlin; bound over to next criminal term of the S. J. Court, with bail fixed at $500.

State vs. Owen Riley; drunkenness and disturbance; fined $3 and costs.

State vs. Henry Landers; same offense; fined $5 and costs.

The officials at Washington have obtained pretty accurate knowledge of the membership purposes and acts of the Ku-Klux gangs in South Carolina, by the aid of detectives and secret agents, and many of the members of the gang have been arrested and are awaiting trial. The prospect is that the gangs will be broken up, and the lives of good citizens be made secure in that State, without a resort to the extreme measures which Congress authorized the President to adopt if necessary.

The strong points supporting the use of Fellow's Compound of Hypophosphites are, that while it takes immediate hold upon the system in stimulating the Liver, regulating and strengthening the muscles of the Heart, Stomach, Lungs, &c., it has no debilitating effect under any circumstances; and while its continued use is marked by the general toning of the system, without producing constipating effect, it may be stopped at any time without the usual disagreeable effect following the discontinuance of some otherwise valuable tonics. These characteristics are particularly valuable to consumptives and other debilitated invalids, and are peculiar to this preparation.

Miss Sawyer's Salve gives the speediest relief, and effects the quickest cure in cases of Rheumatism, Sore Throat, Cold on the Chest, Cuts, Bruises, Scalds, and abrasions of the skin, of all kinds. It is invaluable in the nursery, and may be applied to the youngest infant with perfect security, while no adult should be without it.—*Gazette.*

An Unprotected System.

Do not fancy because you feel strong that you are impregnable to sickness. Whole neighborhoods are frequently prostrated at this season by malarious fevers. Vigorous muscles and strong sinews, broad shoulders and sound lungs, are no defence against the mephitic vapors of autumn. Frames which have withstood the summer heat may succumb now. Many an athletic man, whose family depends for its support on his industry, now lies prostrate, weak and helpless as a babe, under the periodical assaults of chills and fever, or bilious remittent fever. This could not be if all were wise enough to provide against such a contingency, by toning and fortifying the system with Hostetter's Stomach Bitters. This approved vegetable tonic is absolutely harmless, so that it is sheer folly not to take it as a safeguard at a season when diseases of the liver, the stomach, the bowels, and indeed all the viseral organs are generally prevalent. To keep the system in order and insure health, or to put it in order when this precaution has been neglected, is the duty of every human being who values life. For both these purposes Hostetter's Bitters is designed, and it answers both. Petty local dealers are endeavoring, in many parts of the country, to substitute preparations made of impure and dangerous materials in its stead. Give them a wide berth. They are prepared by unskilful experimentors, who want to turn a penny at the expense of the public health.

BETTER AND CHEAPER
THAN ANY OTHER
BOOTS OR SHOES;
THOSE FASTENED WITH
CABLE SCREW WIRE.

BETTER—Because they are more Pliable, more Comfortable, are Water-proof, and are warranted not to Rip or Gape.
CHEAPER—Because, while their first cost is not in excess of sewed or pegged work of a like grade, their Durability is far greater, they preserve their Shape much better, and the metallic fastening insures a more Equal Wear. Equally applicable to light and heavy work.
The immense demand having called forth imitations, consumers should be sure that every boot or shoe bears the Patent Stamp.

BONDS
—OF THE—
EUROPEAN AND NORTH AMERICAN RAILWAY CO.

THE E. & N. A. RAILWAY is completed from Bangor Maine, to St. John, New Brunswick, a distance of 202 miles,—with the exception of 58 miles between Winn, Me., and the boundary line of the State at Vanceboro'. On this portion the track is now being laid, both from Winn eastward and from Vanceboro' westward, and the work will be completed and trains running from Bangor to St. John in September next.
This road will then be
THE ONLY RAILWAY
CONNECTING THE UNITED STATES AND THE BRITISH PROVINCES (New Brunswick and Nova Scotia). The population of the maritime Provinces is about ONE MILLION, and all the land travel, freight, mails, &c., between them and the United States, will pass over this Trunk line, which is WITHOUT COMPETITION. Although not yet completed, the business of the road is already far greater than its most sanguine friends predicted, and is continually increasing.
The net earnings from Local Business alone, on the 56 miles completed in Maine, already exceed the interest on two and one quarter millions of dollars, and will be largely increased after Sept next by the business to and from the Provinces.
To complete this road, and to equip it as fully as its present large business and the immediate increase consequent upon its completion, requires,—the Company has issued its Bonds to the amount of Two Millions of Dollars, secured by a
FIRST & ONLY MORTGAGE
ON ITS ENTIRE ROAD AND PROPERTY FROM WINN TO VANCEBORO' (besides a *Second* Mortgage on the entire road and equipments from Bangor to Winn, 56 miles. This portion cost some $2,300,000, and the only lien thereon is a mortgage to the city of Bangor for $1,000,000)—and, in addition thereto, by a FIRST AND ONLY MORTGAGE on
800,000 Acres of Land!
Said lands being the same granted by the State of Maine to aid the construction of this road. They are situated along the Penobscot and St. John rivers, and are heavily timbered and valuable. Large tracts, especially in the fertile Aroostook Valley, (the finest agricultural district in the State,) are valuable for farming lands as well as for their timber. This immense grant of lands equals about
14,000 Acres to each Mile
of Railroad with which they are mortgaged. They cover 250 square miles (nearly as large as the State of Rhode Island, which is 1306 square miles,) and are of great value.
Thus, besides the mortgage of the Railway, its equipments, &c., which alone is ample security for the Bonds, there are timber and farm lands to the amount of
400 ACRES TO EACH BOND
also pledged to ensure the payment thereof.
The Bonds are for $1000 each, due March 1, 1899, bear interest at
Six Per Cent, Per Annum,
PRINCIPAL AND INTEREST PAYABLE IN
GOLD COIN,
Free from U. S. Taxation.
Coupons payable March 1 and September 1, in New York. Bonds registered if desired. Coupons made payable (£6 each) in London, England, if preferred.
SINKING FUND—All proceeds of sales of land, as well as of timber and other products therefrom, are, by the Trustees, to be invested in these Bonds if they can be bought at par or less; otherwise in United States, State or Municipal Securities. And on July 1, 1879, and annually, thereafter until these Bonds become due or are all paid, the E. & N. A. Railway Co. is bound to pay to the Trustees a sum of money equal to one per cent. of the amount of Bonds outstanding. Such amounts, and all interest received on securities, belonging to the SINKING FUND are to be invested as above stated, and these accumulations are solely for the purpose of additionally providing for the redemption of these Bonds. The Sinking Fund constitutes a third great element of security and strength, and adds to the safety of these Bonds.
The Trustees are Hon. HANNIBAL HAMLIN, of Bangor, Me., and J. EDGAR THOMSON, Esq., of Philadelphia, Pa.
The Trustees are authorized to receive the Bonds at Par and Accrued Interest in payment for any of the lands at their appraised value.
These very desirable securities for sale at
90 AND ACCRUED INTEREST IN CURRENCY
U. S. Bonds and all marketable securities received at highest market price in exchange for these Bonds, and can be sent by Express and these returned by Express, free of expense to the purchaser.
Pamphlets giving further particulars concerning the connections and business, with Maps, showing the location and lands of this road, sent free on application to

Principal Agent for the Company for the Sale of Bonds,

☞ On completion (in 1872) of 60 miles of Railroad now building, between St. John, N. B. and Halifax, N. S., there will be an unbroken line of Railway from Halifax to all the chief cities of the United States, and as two or three days of ocean travel can be avoided, and about 36 hours' time saved, from New York, in going to or coming from Europe, by rail to or from Halifax,—a large business in passengers, mails and freight will thereby be added to the traffic over the E. & N. A. Railway.

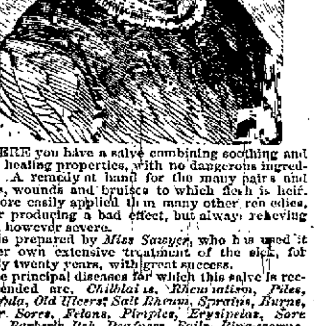
MISS SAWYER'S SALVE.



HERE you have a salve combining soothing and healing properties, with no dangerous ingredient. A remedy at hand for the many pains and aches, wounds and bruises to which flesh is heir. Is more easily applied than many other remedies, never producing a bad effect, but always relieving pain, however severe.
It is prepared by *Miss Sawyer*, who has used it in her own extensive treatment of the sick, for nearly twenty years, with great success.
The principal diseases for which this salve is recommended are, *Chilblains, Rheumatism, Piles, Scrofula, Old Ulcers, Salt Rheum, Sprains, Burns, Fever Sores, Felons, Pimples, Erysipelas, Sore Eyes, Barber's Itch, Deafness, Boils, Ring-worms, Corns, Bites of Insects, Cancers, Toothache, Earache, Sore Nipples, Baldness, Swollen Breasts, Itch, Scald Head, Teething, Chapped Hands, Scalds, Cuts, Bruises, Croup, Cracked Lips, and Sores on Children.*
It never fails to cure Rheumatism if properly applied. Rub it on well with the hand three times a day. In several cases it has cured palsied limbs. For *Piles* it has been discovered to be a sure remedy. Persons that have been afflicted for years have been relieved by a few applications. For *Erysipelas* it works wonders, allaying the inflammation and quieting the patient. For *Chapped Hands* it produces a cure immediately. Let those with *Salt Rheum* obtain this Salve, and apply it freely, and they will find it invaluable. It is good in cases of *Scrofula* and *Tumors*. *Cancers* have been cured with it. The best Salve ever invented for *Swollen Breast* and *Sore Nipples*. No way injurious, but sure to afford relief. *Sore or Weak Eyes*—Rub it on the lids gently, once or twice a day. Cures deafness by putting in the ears on a piece of cotton. For *Felons* this is superior to anything known. For *Pimples* this acts like a charm. For *Burns* and *Scalds*, apply the Salve at once and it gives immediate relief. For *Old Sores*, apply once a day.
For Horses and Cattle.—For Sores or Bruises on Horses or Cattle this Salve is invaluable, and has astonishing effect in curing scratches on horses. This Salve has worked its own way into notoriety, and is a safe and sure remedy for all the above ailments.
We, the undersigned, have been acquainted with Miss Sawyer for many years, and believe her to be a Christian lady and a skilful nurse; and having used her salve in our families, it gives us great pleasure in saying it is the best general medicine we have ever used:
Rev. E. F. Cutter, Rev. W. O. Holman, Rev. Joseph Kalloch, Rev. George Pratt, Gen. J. P. Cilley and wife, Capt. J. Crocker and wife, Capt. David Ames and wife, Wm. Wilson and wife, E. R. Spear, A. S. Rice, Geo. W. Kimball, Jr. (Mayor of Rockland) and wife, Joseph Farwell, J. R. Mallard, Ephraim Barrett, Leander Weeks, Mrs. E. A. Burpee, Francis Cobb, John T. Berry, Wm. H. Fuller and wife, Thomas Colson and wife, Dea. Henry Ingraham and wife, O. J. Conant, Postmaster of Rockland, and wife, I. K. Kimball and wife, William McLoon.
TO THE AFFLICTED.
If your Druggist is out of the Salve, and neglects to keep supplied, send seventy-five cents as directed below, and receive a box by return mail.
Put up in Boxes at 50 cents each. Prepared by MISS C. SAWYER, and put up by L. M. ROBBINS, Wholesale and Retail Druggist, Rockland, Me. A Trial Box sent free by mail on receipt of seventy-five cents, by L. M. Robbins, Rockland, Me.
THIS VALUABLE SALVE IS SOLD BY ALL DEALERS IN MEDICINES.
